To the esteemed officials of the USPTO,

Enclosed please find the specification, drawings, forms, and related documentation regarding my patent entitled "System, Protocol, and Methods for the Creation of Distributed Spreadsheets".

This nonprovisional patent application claims the filing date benefit conferred by two provisional patent applications I filed previously. They are entitled "Distributed spreadsheet server" and "Distributed spreadsheet protocol", application numbers 60/292,263 and 60/292,264 respectively, entered by Berhanu Girum of team OIPE on 07/13/2001. I was unable to identify which form or section was required to claim the benefit of provisional applications, and therefore resort to this somewhat nonstandard approach.

I am an independent inventor filing as a small entity. I expect there will be some problems with my application due to my inexperience and lack of fluency in legalese; however, I hope that you will be kind enough to guide me past these obstacles when they may arise.

My email address is d_burfoot@hotmail.com, and this is the best means to reach me. I look forward to hearing from you.

Sincerely,

Daniel C. Burfoot
